Mayden, senior administrative officer, and Roy Guenzel, field inspector, both bareheaded. Some of the accompanying party are shown in the background as follows: (left to right) State Senator Glen O. Jones, LeRoy Barham, Tim Turner, George O. Davenport (back of Mr. Barter) and James Sterling of St. Elmo, Ill., auditor for the J. D. Barter Construction Co. (Daily Register Staff Photo)

Admit They Killed Marine Near Flora

Robbery Motive in Shooting

PROSSER, Wash. (U.P.)—A young couple calmly confessed to Benton County sheriff's deputies Sunday night that they murdered a hitchhiking Marine in Clay County, Illinois, last December.

The sheriff's office said Robert Baker, 26, and Trudy Jo Baker, 17, admitted the slaying separately after relatives of the girl, who became suspicious of remarks made by the couple while visiting her, informed authorities.

The girl said she and Baker, an ex-convict, had picked up the Marine while driving through Illinois en route to Baker's home in Pennsylvania. She said they had been married in Elko, Nev., after knowing each other three days.

The victim was Larry Michael Kirk, 21, Winslow, Ind., whose body was found Dec. 26 in a clump of weeds along a road. Kirk's wallet was missing, but authorities found \$100 hidden in his watch pocket.

In her signed confession, she said they planned to rob the Marine, and while he was asleep, decided the only way to get away with the crime was to murder him.

The Marine was shot in the back with a .30-30 rifle and dumped along the roadside, the girl said.

Clay County authorities, informed of the confession, said the details matched their findings in the case.

Jack Thompson, 77, Retired Miner Of Ledford, Dies

Jack Thompson, 77, a retired coal miner and farmer who resided in the Ledford community, died today at 6:50 a. m. at the Harrisburg hospital following an illness of four years. He was seriously ill for the past three weeks.

Mr. Thompson was born and reared near Carrier Mills and has lived there all his life.

He is survived by his wife, Ada, and three children: Mrs. Hill Matthews, Carrier Mills; Leslie Thompson, Pontiac, Mich.; Mrs. George Stearns, St. Charles, Ill.; four stepchildren by a former marriage, Dwight Midyett and George Midkiff, both of Jackson, Mich.; Howard Midkiff of Dew, Oregon; and Mrs. Ruth Evans, RFD 1, Harrisburg; six grandchildren and four great grandchildren; two brothers, George Thompson of Carrier Mills, and Perry Thompson of Harrisburg; and one sister, Mrs. Sue Osment of Marion.

The body will lie in state at the Thornton funeral home until the funeral hour, which is indefinite. The funeral will be held at the Salem church, north of Carrier Mills with the Rev. Leo Simmons of Clarksville, a former pastor, officiating, assisted by Rev. Joe Evitts, Glendale, a grandson by marriage. Burial will be in Salem cemetery.

Pistol, Knife Taken In Ridgway Burglary

Jones Farm Store at Ridgway was entered sometime between closing hours Saturday evening and Monday morning, it has been reported.

State Patrolman Michael Taggart said entry was made by breaking a pane of glass in a side door. Items taken included an Ivers-Johnson .22 calibre target pistol, a five-inch hunting knife and 12 and 16 gauge ammunition.

Seeks Damages as Result of Collision

George Glass of Harrisburg thru his attorney James W. Sanders of Marion, has filed a three-count complaint for damages in Saline county Circuit Court against the Southeastern Illinois Electric Cooperative and the Hayes Freight Line. Each count asks for \$10,000 damages.

The complaint is the result of an accident on Route 34, approximately four miles south of Harrisburg on May 22, 1956.

It is charged that a vehicle owned by George Glass and driven by Don Wolfal was travelling south and a SEIEC vehicle, coming north, either attempted to make a left turn or stop on the highway.

A Hayes Freight Lines truck, following the SEIEC vehicle, was forced across the center line and into the wrong traffic lane, thereby colliding headon with the Glass truck, which was badly damaged.

There are separate \$10,000 counts against the SEIEC and the Hayes Freight Lines and the third count is against the two jointly.

Bike Hit by Auto, Girl Critically Hurt

CENTRALIA, Ill. (U.P.)—A 9-year-old girl was in critical condition today with injuries suffered when a car struck her as she rode a bike.

Joyce Ann Porter, of Wamac, was hit Sunday by a car driven by Ward Marton, 22, Centralia, as she rode her bicycle in front of a roller rink here.

Scheduled to Die

PARCHMAN, Miss. (U.P.)—Robert Lee Goldsby, St. Louis Negro convicted of killing a white woman near Vaiden, Miss., is scheduled to die Tuesday barring a last-minute stay of execution from the U. S. Supreme Court.

John Dixon, 43, Badly Hurt as Car Hits Tree

Nobody Injured in Head-on Crash West of Harrisburg

John W. Dixon, 43, of Walled Lake, Mich., who lived in Harrisburg until about a year ago, was seriously injured yesterday morning when his auto struck a tree on Route 45 two miles north of Eldorado.

State Policeman Adolph Sweat, who stated the crash occurred at 9:50 a. m., said Dixon's car, in which he was riding alone, went off the right side of the road, then crossed the highway onto the left shoulder. There the side of the car smashed into the tree and was spun around to the back of the tree.

Dixon was en route to his home in Walled Lake after a visit to Harrisburg when the crash occurred, it was stated.

Taken to Pearce hospital in Eldorado, he was found to be in serious condition suffering a number of injuries including a fractured jaw and broken left arm.

State Policeman Guthrie Alexander reported a head-on collision of two automobiles at 4:30 p. m. Saturday in which there were no injuries.

Cars driven by Donald Phillips, 22, Eldorado, a member of the Eldorado Examiner staff, and Samuel Pyle, 21, of Carrier Mills, collided, he said, on Route 13 a quarter of a mile west of the Carrier Mills blacktop road.

He said Pyle drove up behind Anna Galliher as she was making a right turn off Route 13 and as he went around her vehicle he met the Phillips car, going west.

In the Phillips auto were his wife, Peggy, and Jane Miller, 21, Carbondale. David Black was with Pyle.

Raleigh Farmer Suffers Stroke at City Hall Here

R. H. Finley, elderly farmer of the Raleigh community, suffered a stroke this morning while at the Harrisburg city hall and was taken by ambulance to the Harrisburg hospital.

Mr. Finley was in the ASC office in the city hall when he collapsed and fell to the floor. Dr. B. E. Montgomery was called, pronounced it a stroke and had the elderly man taken to the Harrisburg hospital.

Find Elderly New Haven Man Dead of Wound

D. S. Allen, 72, of New Haven died this morning, apparently from self-inflicted shotgun wounds.

State Patrolman Michael Taggart stated the body was found in an outbuilding about 8:30 this morning by a neighbor, Hubert Henson.

The aged man, who lived with his brother, Orval Allen, had been in bad health and under a doctor's care for some time, it was said.

Gallatin County Coroner A. C. Cox has announced the inquest for 6:30 p. m. Thursday.

The body was received by the Smith and Edwards funeral home at New Haven.

Miss Kay Mitchell Is Heart Queen

Miss Kay Mitchell reigned as Queen of Hearts at the Coronation Ball held Saturday evening in the Bonnell gymnasium. She was crowned by her escort Wayne Store and presented a lovely bouquet of American Beauty roses by little Nancy Hunter, daughter of Mr. and Mrs. Guy Hunter. Stevie Parkhurst, son of Mr. and Mrs. J. B. Parkhurst, was crown bearer.

The queen contest was sponsored by the school paper, The Purple Clarion. Tickets were sold for the dance with the students having as many votes for their favorite candidate as the amount of the ticket.

Jane Capel was runner-up in the contest, being escorted by Bill Henshaw, and Judy Baker, escorted by Ray Hassett, was third. Other candidates were Jane Davis, Linda Skaggs, Linda Booten, Sandra Lasseter, Collette Waverling, Carole Cable and Janet Tanner.

A most enjoyable dance followed the coronation with the gym being beautifully decorated in a hearts and flowers motif.

Too Much Ice for Ferry

ST. JOHN'S, Nfld. (U.P.)—Drifting ice fields off the east coast of Newfoundland have cut off ferry service between Newfoundland and Nova Scotia.

Queen Elizabeth Flying to Duke For 'Second Honeymoon' as She Ignores Marital Rift Rumors

By ROBERT MUSEL
United Press Staff Correspondent
LONDON (U.P.)—Queen Elizabeth II ignored today published rumors of a "rift" with the duke of Edinburgh and let it be known she will join him Saturday aboard the royal yacht Britannia.

They will spend a two-day, strictly private "second honeymoon" in Portuguese waters.

Buckingham Palace announced the Queen's plans as the British press broke its self-imposed censorship on reports of a royal rift and as the Daily Mirror appealed to Prince Philip to fly home from Gibraltar for a family reunion.

To Meet at Romantic Spot
The Queen will be flying to Portugal for a state visit, but the state visit will wait while she goes aboard the Britannia for a week-end with the duke in the romantic Bay of Setubal, 20 miles south of Lisbon.

The duke, who waved goodbye to the Queen last Oct. 15 when he set out on a world voyage, will meet her Saturday at Montijo airport near Lisbon.

The reports hit 10 million breakfast tables today when three London newspapers splashed the story—and the Buckingham Palace denials—across their front pages. A fourth, the Manchester Guardian, suggested the American press must have "taken leave of its senses."

The tabloid Daily Mirror which devoted its entire front page to the story urged in screaming headlines: "Fly Home, Philip!" And it added this is "the way to kill a silly rumor." Sunday papers made a similar appeal without reporting the rumored rift.

Palace sources disclosed the Queen had been in telephone conversation with the Duke who is watching home fleet activities at Gibraltar while waiting for the Queen to join him Saturday in Portugal for a "second honeymoon" and a state visit.

It was assumed in royal circles the Queen and Duke had discussed the world wide rumors during their telephone talks. The Queen has never looked happier in recent days and it was assumed they had decided to ignore the rumors and try to kill them by the warmth of their reunion after four months of separation.

Dag Asks New Mid-East Instructions from UN

JOHN W. DIXON, former Harrisburg resident, was seriously injured yesterday morning when his auto left Route 45 north of Eldorado and struck the tree, shown in front of it, roadside. Dixon, en route to his home in Walled Lake, Mich., was taken to Pearce hospital in Eldorado. (A. Sweat Photo)

Is Having Tough Time with Israel, Egypt Deadlock

Says Sanctions Sought by Arabs Could Be Serious

UNITED NATIONS, N. Y. (U.P.)—Secretary-General Dag Hammarskjöld today asked the United Nations General Assembly for new instructions in dealing with the Israeli-Egyptian deadlock in the Middle East.

He informed the assembly in a new report published this morning that Egypt has reaffirmed "its intent to observe fully" the provisions of the 1949 armistice agreement which outlaws "hostile or warlike acts" by either Egyptian or Israeli forces.

He pointed out that the assembly could recommend "collective measures" — the sanctions demanded by the Arab countries — but that such a recommendation would not be compulsory upon U. N. members.

Hammarskjöld warned, however, that invoking sanctions against Israel, "while supporting efforts to achieve peaceful solutions, may perhaps, on the other hand, be introducing new elements of conflict."

Israel Repeats Demands

Hammarskjöld, in his 2,500-word report, justified on grounds of law and logic his refusal to seek from Egypt a specific guarantee on non-belligerency, as demanded by Israel, before Israel agrees to evacuate its forces from all Egyptian territory.

Israeli Ambassador Abba S. Eban filed a note with Hammarskjöld Sunday, repeating his country's demand for guarantees that freedom of navigation for Israeli shipping will be respected in the Gulf of Aqaba and in the Suez Canal.

Eban said he had informed his government that Hammarskjöld had refused to press Egypt for these guarantees, and said Israel must proceed on these assumptions:

1. That Egypt insists on Israeli withdrawal while reserving belligerent rights for herself to remain in effect after such evacuation.
2. That Egypt has not agreed that free navigation will be insured in the Gulf of Aqaba after the withdrawal or that the U. N. emergency force should be stationed on the Aqaba shoreline.
3. That Egypt will continue to blockade the Suez Canal against Israeli shipping once the waterway is reopened to international traffic.
4. That the "doctrine and practice of continuing belligerency" will govern Egypt's relations with Israel.

Set Hearing, Argument Dates on NYC Plea to Cut Out Train Service

An additional hearing and an oral argument in the matter of the New York Central railroad's application for permission to discontinue its passenger service between Harrisburg and Chicago have been announced by the Illinois Commerce commission.

The additional hearing will be in the commission's office in Room 202, State Office building, Springfield, at 10 a. m. Wednesday, Feb. 20.

This hearing will be for the specific purpose of taking testimony of certain employees of the railroad, who appeared and offered to testify as witnesses for those opposing the railroad's application at the conclusion of the Mt. Carmel hearing last Nov. 1 and for the purpose of placing in the record certain information furnished to the examiner by the railroad subsequent to the hearing.

The commission, in conference Nov. 8, allowed a motion by counsel for those opposing discontinuance for an oral argument of the case on its merits. It will be held in the ICC office in Springfield at 10 a. m. Tuesday, March 19.

Ike to See French, British Chieftains

Mollet Here Feb. 26-27 For Parley

By MERRIMAN SMITH
United Press White House Writer
THOMASVILLE, Ga. (U.P.)—The White House today announced plans for President Eisenhower to hold separate meetings in February and March with the premier of France and the prime minister of Great Britain.

The President will meet French Premier Guy Mollet in Washington Feb. 26-27.

His conference with the new British prime minister, Harold Macmillan, will be held in Bermuda March 21-24.

The Eisenhower-Macmillan meeting has long been forecast, but not confirmed officially until today.

Macmillan early last month was selected to succeed Sir Anthony Eden who resigned for reasons of health at a time when his leadership was under sharp critical fire for his handling of the Middle East crisis.

Mollet has wanted to visit the United States for some time, particularly to discuss the Suez Canal and French policy in North Africa.

White House Press Secretary James C. Hagerty said original plans for the two meetings were "mutual in both cases." This was in reply to a question on whether Macmillan had asked to see the President.

Hagerty said the Bermuda site for the Macmillan conference was picked at the suggestion of the chief executive who conferred there in December, 1953, with Sir Winston Churchill, then the British prime minister, and Joseph Laniel, then the French premier.

It was immediately after the 1953 meeting in Bermuda that the President went before the United Nations with his atoms for peace plan.

Banks, Schools to Close Tomorrow

Tomorrow, Lincoln's birthday, is a state holiday and a number of offices in Harrisburg will close along with the local banks and the schools of the county.

Offices closing include the State of Illinois offices and those in the county court house.

Federal offices will not close, as it is not a federal holiday.

The Daily Register will be published.

Herman Lewis, 63, Of Carrier Mills Dies

Herman Lewis, 63, veteran of World War I, died suddenly at his home, 115 East Washington, in Carrier Mills, yesterday at 8:45 p. m.

He is survived by his wife, Nancy, one son, Farrell Lewis, at home, a daughter, Mrs. John (Lila Lee) Hill, Cleveland, O., and a brother, Virgil Lewis, of Stonefort Route; also three grandchildren.

The body will lie in state at the Thornton funeral home in Carrier Mills till the funeral hour which will be Tuesday at 2 p. m. at the Church of God on South Main street. Rev. R. S. Fritts will officiate and burial will be in Salem cemetery.

Widow of Charles Lowe Dies; Body to Be Returned Here

Mrs. Elsie Lowe, 83, former resident of Harrisburg, died at the home of a nephew, Junior Burton, in Logan, West Virginia, Sunday at 10 a. m. She was the widow of Charles Lowe, who died Nov. 7, 1950.

The body will arrive in Paris, Ill., today at 3 p. m. and will be returned to Harrisburg and be received by the Turner funeral service. Funeral arrangements will be announced later.

Mrs. Lowe is survived by the following children: Mrs. John Farakas, Irvin Lowe, Mrs. James Chiappelli, Mrs. J. B. Huston, Mrs. Harvey Sheldon, all of Pontiac, Mich.; and Mrs. Henry Schwan of Harrisburg; also the following brothers and sisters: John Banfield of Harrisburg, Arch Banfield, Moline, Ill.; Bertha Sexton of Florida, Bessie Burton, Lydia York and Mamie Reeves, all of Logan, W. Va. She leaves 25 grandchildren and several great grandchildren.

There'll Be 170 Million Friday

WASHINGTON (U.P.)—The population of the United States will hit 170 million a few minutes after 10 a. m. Friday.

That's a guess, of course. But it's an educated guess and one that probably would prove quite accurate if the government had the facilities to count every American at that precise moment.

In lieu of an accurate counting of noses, the Census Bureau depends on a huge electric clock in the lobby of the Commerce Department Building here which is geared to recent averages and adds one person to the population every 12 seconds.

Five Die in Waterloo Area Crash

By United Press
One accident which killed five persons and another which resulted in death for three others were included in at least 14 Illinois traffic fatalities this week-end.

The accident that killed five persons was a head-on collision Sunday in an early morning fog about seven miles south of Waterloo.

Killed were Charles Sligar, 44, and his wife, Natalie, 45, of East St. Louis; James Mason, 16, St. Louis County, Missouri; and Daniel Lee Reed, 16, and Robert Lee Brown, 17, both of Shrewsbury, Mo.

Police said the Sligars were in one car and the teen-age boys in the other.

In the triple-fatality accident, Mrs. Arthur Kirk, 63, died Saturday night in a collision of a car with a jack-knifed truck. The driver and another passenger in the car died of injuries Sunday.

They were Elmer Thomasson, 37, the driver, and Mrs. Harry Alexander.

Four Hurt When Autos Hit Near Carrier Mills

Four Chicago persons were treated at the Harrisburg hospital Sunday following a collision on Route 45, at the east city limits of Carrier Mills.

The accident occurred at 5:15 p. m. Sunday when vehicles driven by Verdis Nell Ragan of Chicago and Ted Taylor of Carrier Mills collided.

State Patrolman Guthrie Alexander, who investigated the wreck, stated the accident happened when Taylor drove his automobile from a side road onto the state highway. Taylor was given a traffic ticket for failure to yield the right of way and a passenger in the car, Marian Sumner, was given a summons for intoxication.

In the automobile driven by Verdis Ragan were Jerrell Ragan, Lattie Kirk and Joe Buckingham. All four were taken to the Harrisburg hospital for treatment, then released.

Love Blooms Late

NEW YORK (U.P.)—Anna Beck blushed and announced, "My honey is waiting for me in Paris," Sunday as she boarded an airliner on her way to meet her fiancé. Anna is 72 and a great-grandmother. Her fiancé is Camille Lambert, 73.

Many Executive Mansions, Stately from Street, Really Tumble Down Structures

CHICAGO (AP)—Many "first families" across the nation said today that their state executive mansions, which look like stately castles to the voter on the street, are tumble-down architectural monstrosities lacking in the basic comforts of home.

Most governors and their wives took a more diplomatic tack than Gov. James T. Blair Jr. of Missouri, who flatly balked at moving into the show-me state's worn-out, 1870-vintage official residence.

But Blair has plenty of company in misery, a United Press survey showed. Many governors, their wives or aides told similar stories — high ceiling rooms are drafty, walls are cracked, the paint is peeling, the plumbing leaks. Patchwork repairs have been piled on patchwork repairs.

The average age of the governors' homes is almost 70 years. The newest is Florida's \$350,000, air-conditioned structure, built after former Gov. Fuller Warren complained as he was struck repeatedly by falling plaster in his bedroom. Gov. Leroy Collins will occupy the spanking new mansion by mid-March.

"Heck of a Shape" The oldest is New Jersey's 255-year-old colonial mansion, Morven, deeded to the state in 1954 by the late Gov. Walter E. Edge. It was renovated at a cost of \$276,000 for incumbent Gov. Robert B. Meyner.

Blair skipped out of Missouri's mansion after he and his wife stayed in it one night. He called its many stairs "Cardiac Hill" and said it was uncomfortable, cold, ill-lighted and unsafe.

"It's a dump," State Sen. John W. Noble agreed. Indiana's Gov. Harold W. Handley said the mansion into which he moved in January was "in a heck of a shape" but he didn't want to stir up too much of a fuss.

"I can hold an umbrella over my head while I read a newspaper if I have to," he told newsmen. Termites, neglect and the ravages of time have nearly accomplished what the Yankees failed to do to South Carolina's historic old "Governors' House" on Arsenal Hill in Columbia. Gov. George Bell Timmerman Jr. and his wife moved out last fall so the state could build a new roof, replace rotted rafters and termite-riddled floors.

Gov. Abraham A. Ribicoff of Connecticut said he often wishes he were "back home." He said the 48-year-old colonial executive residence was "a lovely house" but "the furnace exploded twice last week."

Gov. John E. Davis and his wife moved into North Dakota's 75-year-old, nine-room frame mansion just in time to be greeted by a plumbing leak and new stains on the kitchen wall. But they're

Small Nation

Lichtenstein, one of Europe's six smallest nations, has been a sovereign state since 1342. Poised in the Alps between Austria and Switzerland, it covers 61 square miles, or about the size of the District of Columbia.

Illinois Taxpayers' Annual Bill Three Billion Dollars More Than 20 Years Ago

By WARREN STROTHER
United Press Staff Correspondent
SPRINGFIELD, Mo.—Illinois taxpayers' annual federal income tax bill is some three billion dollars more than it was 20 years ago, the Internal Revenue Service office here reported today.

Personal income tax collections for Illinois for the fiscal year ended June 30, 1955 totaled \$3,135,000, compared with \$3,654,000 for the fiscal year ended June 30, 1935, according to federal tax records.

District Director H. J. White said about 3,800,000 persons filed income tax returns in Illinois during the 1954-55 fiscal year, compared with roughly 450,000 returns 20 years earlier.

Exact figures on the number of returns for 1934-35 are not available, White said, but the 450,000 figure would be about the same proportion to national returns as the 1955 figure.

Normal Tax Four Per Cent

Mounting federal spending and federal budgets, coupled with rapidly rising tax rates and population growth, plus dramatic increases in personal income figures were largely responsible for the huge increase in personal income taxes paid.

White said the rates applicable to the 1934-35 fiscal year, based largely upon 1934 tax returns, included a 4 per cent "normal" tax for all income over the personal exemptions.

Twenty years ago the exemption for a married couple filing jointly was \$2,500, plus \$400 for each child or other dependent. An unmarried person could take only a \$1,000 exemption.

On top of the "normal" tax rate were the surtaxes, which started at 4 per cent for \$4,000-\$6,000, 5 per cent for \$6,000-\$8,000, 6 per

cent for \$8,000-\$10,000, and graduated upward to 59 per cent of income in excess of a million dollars.

Now Starts at 20 Per Cent

The 1954-55 tax rate, the same one in effect today, provides the familiar \$600 exemption for each dependent. With numerous qualifications and special cases 1955 taxpayers are now worrying about the rate starts at 20 per cent of the non-exempt income under \$4,000.

For married taxpayers filing jointly to obtain "split income" benefits, the rate is roughly 22 per cent of the income in the \$4,000-\$8,000 bracket; 26 per cent of the \$8,000-\$12,000 bracket; and upward to 91 per cent of income over \$400,000.

For unmarried taxpayers the rate ranges upward to 91 per cent of all income over \$200,000. The old surtax and "normal" taxes are now combined in the same rates.

Final figures for the fiscal year ended June 30, 1956, are not yet available, but apparently would be approximately in the same proportion to fiscal 1936 as those of a year earlier, White said.

The Daily Register, Harrisburg, Illinois
Monday, February 11, 1957 Page Five

CENTENARIAN PLUS — Mrs. Anna Hawkins, of Minneapolis, Minn., has a good start into her second century of living after recently celebrating her 102nd birthday. She was tickled to get a congratulatory note from President Eisenhower, wishing her many more years of good health. She has six grandchildren, 11 great-grandchildren.

Meteors are shooting stars, but after they fall to earth they are called meteorites.

Eels are found around the Bermuda Islands in the Atlantic Ocean.

MEN PAST 40

Troubled with GETTING UP NIGHTS
Pains in BACK, HIPS, LEGS
Tiredness, LOSS OF VIGOR

If you are a victim of these symptoms then your troubles may be traced to Glandular Inflammation. Glandular Inflammation is a constitutional disease and medicines that give temporary relief will not remove the causes of your troubles.

Neglect of Glandular Inflammation often leads to premature senility, and incurable malignancy. The past year men from 1,000 communities have been successfully treated here at the Excelsior Institute. They have found soothing relief and a new zest in life.

The Excelsior Institute, devoted to the treatment of diseases peculiar to older men by NON-SURGICAL Methods has a New FREE BOOK that tells how these troubles may be corrected by proven Non-Surgical treatments. This book may prove of utmost importance in your life. No obligation. Address Excelsior Institute, Dept. 3763, Excelsior Springs, Mo.

Higher Truck Fees Asked by House Group

Would Reduce
Cost for Autos
To \$10 and \$15

SPRINGFIELD (U.P.)—Two state representatives today urged that "heavy high-mileage trucks be compelled to pay their fair share of highway costs."

The legislators, Rep. C. R. Radcliffe (D-Beardstown) and Clyde L. Choate (D-Anna), released a statement for 25 House members urging support of a House bill which would reduce auto license fees, but would impose a new graduated mileage tax on heavy trucks and trailers.

"The passenger car and light truck owners are paying over 50 million dollars in license fees per year while the heavy trucks are paying less than 22 million," the legislators charged.

The bill, introduced last week, would reduce auto license fees from the current horsepower basis and set them at \$10 for cars under 4,000 pounds, and \$15 for cars over 4,000 pounds.

The increased mileage tax on heavy trucks would be paid on a monthly basis, with rates set so that the total payments would equal the present truck fees when the truck had been driven 60,000 miles.

Choate and Radcliffe said the proposed law would cut auto license fees by seven million dollars annually, but the truck fees would increase the net license fees on all vehicles by about two million dollars per year.

Bandits Take Violin From George After Slugging His Head

CHICAGO (U.P.)—George Liberace, violin-playing brother of pianist Liberace, was beaten and robbed today by two strong-arm bandits.

George was slugged and hospitalized for treatment of painful head injuries when he tried to resist the robbers. Thugs took a \$1,500 diamond ring in the shape of a violin from Liberace and his German Westinghouse violin, also valued at \$1,500.

Authorities said George had left the Chez Paree night club, where he and Liberace are appearing, early this morning. He was walking toward his nearby hotel when the two bandits, one armed with a pistol stepped from a doorway.

George surrendered his ring and \$50 in his wallet without protest, police said, but when the bandits demanded his violin he punched one of them. The robbers jumped on him and hit him several times before fleeing.

Although groggy and bleeding from several cuts, George walked back to the night club and informed his brother who notified police and rushed George to Wesley Memorial Hospital.

Sixteen stitches were required to close three wounds on George's scalp.

Melton Rites Today At General Baptist

Services were held today at 2 p. m. at the Sloan Street General Baptist church for Charles Melton, who died Friday night at his home, 904 South Land. Rev. Arthur Austin and Rev. John Yuhas officiated and burial was in Sunset Lawn cemetery. The Turner funeral service was in charge.

Alvin Calbroth, 66, Dies Near Creal Springs

Alvin Calbroth, 66, died at his home on Creal Springs RFD 2, Sunday at 1 p. m.

The body was taken to the home of Charles Lanpere, one half mile south of Creal Springs, to lie in state.

Funeral services will be Wednesday at 2 p. m. at the Church of God in Creal Springs. Rev. E. A. Austin will officiate and burial will be in the Salem cemetery near Creal Springs.

Terrorism Continues In Algiers

ALGIERS (U.P.)—Three convicted terrorists died under the guillotine today in France's efforts to stamp out the 3-year-old rebellion that took 18 lives in a series of bomb explosions Sunday. Five Moslems were killed by an angry crowd.

Twelve persons were killed and more than 50 wounded when nationalist rebels set off two time bombs in two packed football stadiums in Algiers Sunday. The action so angered the French that five Moslems were beaten to death.

Three persons died and 11 were wounded when a terrorist tossed a bomb into an Algiers cafe Sunday night. Another 3 persons were killed and 13 injured when rebels threw a bomb in Gueneta, a small village in eastern Algiers.

Algiers was tense in the wake of the worst outbreaks in months, and reinforced paratroop patrols patrolled the streets to guard against mob violence between Moslems and Europeans.

Military Governor General Jacques Massu called for strict security precautions for the funerals of the bomb attack victims. In the past European crowds returning from the cemetery often have attacked Moslem residents.

MARKETS

NEW YORK — Stocks broke sharply today on reduced volume — industrials to a new low since Nov. 2, 1955, and rails to a new low since Jan. 26, 1955.

Blue chips were sold with Du Pont falling three points. Steels, metals, building issues, aircrafts and many other groups suffered.

Noon Dow-Jones averages: Industrials 460.13 off 6.16; rails 141.31 off 2.79; utilities 71.03 off .13; and 65 stocks 164.12 off 2.03.

LIVESTOCK

ST. LOUIS NATIONAL STOCK YARDS, Ill. (U.P.) — Livestock: Hogs 16,000; 180 lbs. up steady to 25 lower, light weights steady to 25 higher; No. 1, 2, 3, 180-240 lbs. 17.25-17.75; 190-230 lbs. 18.00; top 18.25.

Cattle 7,000, calves 1,000; initial sales steers and heifers confined to 16.00-18.00; these about steady; vealers steady; choice vealers 25.00-28.00; prime to 30.00.

Sheep 1,200; no early sales.

Chicago Produce

CHICAGO (U.P.) — Produce: Live poultry weak on hens; 13 trucks.

USDA prices: Heavy hens 14½-16; light hens 11-12 to 12-12½; white rock broilers 21-22.

Eggs 21.600 acres, weak; current receipts 28.

North Williford Revival Continues

The North Williford Baptist church revival, scheduled to close, will continue until announcement is made of its termination, it was announced today.

'ARMY'S OWN' FOR THE HOUSE—Army Secretary Wilber M. Brucker, left, presents an Army flag, symbolic of the 181-year history of the United States Army, to Rep. Carl Vinson (D-Ga.) at right, chairman of the House Armed Services Committee. The flag's 145 battle streamers represent all major battles, dating back to the Battle of Bunker Hill, June 14, 1775. The Army has had its own flag only since June 14 of 1956. Flag-bearer is Sgt. 1/C Robert Goodier, of Red Wing, Minn., and congressman seated, foreground, is Rep. Paul J. Kilday (D-Tex.).

SIDE GLANCES

U. S. Losses High on Farm Price Supports

WASHINGTON (U.P.) — The government lost nearly three times as much on farm price support operations during the Eisenhower administration as it did in 20 years of Democratic rule, Agriculture Department reports revealed today.

Agriculture Secretary Ezra T. Benson has claimed that most of the current farm surpluses — and government losses in getting rid of them — were caused by Democratic-sponsored high price support programs in effect through 1954.

Under the administration's "flexible" price support system permitting lower price floors, Benson began in 1955 reducing government guaranteed floors under most major crops. The latest round of cuts was announced Saturday with reductions in 1957 supports for eight crops, including cotton and soybeans.

Price supports on dairy products, which have been the heaviest losers for the government in recent years, were continued unchanged for 1957.

Agriculture officials estimated government losses on price supports since mid-1953 averaged \$750 million a year—13 times the average yearly loss in the preceding 20 years.

Meanwhile in Congress, Republicans and Democrats alike attacked the administration today for cutting farm price supports.

Sen. Francis Case (R-S.D.) told the Senate that the cuts "will bring the country into a depression that will not only 'curl your hair' but single every segment of our national anatomy."

He accused Secretary Benson of having "a so-called farm program which becomes only an anesthetic to lessen the pain of going broke."

Benson's reduction also spurred a Democratic drive in Congress to provide more farmers with subsidies for taking acres out of production.

He accused Secretary Benson of having "a so-called farm program which becomes only an anesthetic to lessen the pain of going broke."

Benson's reduction also spurred a Democratic drive in Congress to provide more farmers with subsidies for taking acres out of production.

Seek Permission to Operate Decatur TV

WASHINGTON (U.P.)—Moyer Television Co. asked the Federal Communications Commission today for permission to operate a Channel 23 television station at Decatur, Ill.

The company operates Station WTM, Taylorville, Ill. There are no competing applications for the Decatur TV station.

Trumans Vacation In Florida Sun; Get Big Welcome

ISLAMORADA, Fla. (U.P.) — Former President Harry S. Truman basked today in the sunshine and friendly informality of the Florida Keys, reluctant to discuss politics with reporters.

The ex-President and his wife were driven to this small tourist fishing center late Sunday after their arrival by train in Miami. Some 2,000 persons welcomed the Trumans in Miami and the couple lingered to exchange greetings for about 15 minutes.

Mr. Truman said it was "overwhelming" for an "old has-been" to receive such a welcome, but members of the crowd shouted, "You'll never be a has-been, Harry."

Steel Workers to Name Chief in Tuesday Voting

PITTSBURGH (U.P.) — Millhands across the nation and in Canada troop to the polls Tuesday to decide the first struggle for top leadership in the 20-year history of the United Steelworkers Union.

David J. McDonald, heir to the USW throne following the death of union founder Philip Murray in 1952, met opposition for the international presidency from Donald C. Rarick of McKeesport, Pa., a rank-and-file member.

The union's 1,200,000 members will also ballot for international vice president, secretary-treasurer, and director of 30 USW districts.

French, Russ Trade to Be Tripled by Pact

PARIS (U.P.) — France and Russia signed a three-year trade agreement here today that will triple Franco-Soviet trade by the end of 1959.

First Air Base

First American air headquarters established in Europe in World War II was the U. S. Army Bomber Command set up in England on Feb. 22, 1942.

Freighters Collide, Nobody Injured

NEW YORK (U.P.) — Two freighters collided in upper New York Bay early today near the Brooklyn-to-Staten Island ferryboat route.

The Coast Guard said there were no injuries but one of the ships was badly damaged. The 6,625-ton Marine Courier, owned by the Marine Navigation Co., Inc., caught fire after the collision which gashed her amidships from the bridge below the water line.

The American Export Lines 7,047-ton freighter Exbrook had her bow stove in but sustained no other damage.

Ar-Rest Room

MANCHESTER, England (U.P.) — Mrs. Pamela Lawton had an excuse for speeding when a police officer stopped her last week and then let her go. When he stopped her for speeding again Sunday on the same road, however, he presented her with a list of seven rest rooms along the route and told her he wouldn't let her use the same excuse a third time.

GETTING UP NIGHTS

If worried by "Bladder Weakness" (getting up nights or bed wetting, too frequent, burning or itching irritation) or Strong Smelling, Cloudy Urine, due to common Kidney and Bladder Irritation, try CYSLEX for quick help. 30 years use prove safety for young and old. Ask druggist for CYSLEX under money-back guarantee. See how fast you improve.

HEART-STOPPING STATISTICS—Newschart dramatizes the need for support of the month-long Heart Fund drive during February, which has been designated as "Heart Month." Diseases of the heart and circulatory system claimed 810,200 lives during 1955, more than all other causes of death combined. Figures are the latest available from the National Office of Vital Statistics.

"HOUSE CAT"—Mrs. Glenn Diel, Anchorage, Alaska, housewife, is lion-hearted enough to choose an African lioness as a pet. The big cat, first of her kind in the far north of Alaska, was raised in captivity at Halifax, Mass. Mrs. Diel bought it for \$1,000. Anchorage folk were somewhat perturbed at having a beast of prey in their midst but are gradually getting used to the idea.

Aaron is Re-Elected President Of County Historical Society

The Saline County Historical Society held its regular meeting Tuesday in the club room of the Mitchell-Carnegie library.

During the business session President Louis Aaron mentioned the "Trigg Memorial Ozark Trail," beginning at Battery Rock on the Ohio and extending westward through southern Illinois to Tower Rock near Grand Tower on the Mississippi river. He stated that markers are to be placed on this trail in the near future.

The membership committee's report was read and it showed an increase in membership during the year. Mr. Aaron complimented the chairman, Mrs. Ray Alt-mire, and her committee, Mrs. Ha Choiser, and Mrs. Amelia Aaron, on their year's achievements.

Mrs. Ownly Furman, chairman of the flower and card committee, gave a report of the year's activities. She asked all members to inform her and the committee of cases where the society should send cards and flowers.

Officers Elected
The nominating committee submitted the names of Louis Aaron for president; Mrs. Paul Hatfield, first vice president; Don Scott, second vice president, and James Bond, secretary-treasurer. They were unanimously elected. Mrs. D. F. Rumsey, speaking for the committee, cited the accomplishments of Mr. Aaron during his

past terms in office and spoke warmly of his untiring efforts in the society.

John Foster introduced Dr. Joe Bryant of Ridgway as the speaker of the evening on the subject of "Birds and Snakes of Southern Illinois." Dr. Bryant began his talk with historical references to birds dating back to the time of Homer, and earlier, still. Several Biblical references were also given. He stated that the unwanted starling, which entered our country in 1890, and the equally unwelcome English sparrow, brought here from England, are valuable as devourers of insect life and the sparrow is an avid destroyer of ragweed seeds which cause hay fever victims so much suffering.

Shows Colored Slides
Among the local birds he talked of were the English Sparrow, song sparrow, field sparrow, dove, barn owl, quail, cowbird, blue bird, wren, red bird, flicker, meadow lark, starling, robin, redwinged blackbird and brown thrush. A slide was shown of an albino dove and at this time Dr. Bryant pleaded that doves might be spared their senseless slaughter, stating that 18 states now protect the dove by law.

Dr. Bryant spoke briefly on southern Illinois snakes mentioning the good they do by eating mice and rats. Among our poisonous snakes, he stated, are the copperhead, the cottonmouth and the rattlesnake. He illustrated his talk with colored slides of the birds in their natural habitats, and recordings of their calls and singing. The slides and recordings given simultaneously provided atmosphere of the outdoor world where the audience appeared to be viewing our feathered friends in reality.

Dr. Bryant closed his talk by stating that a bird lover never finds it necessary to take a sleeping pill. During the social hour, in charge of Mrs. Paul Hatfield, Mrs. George Davenport, and Mrs. Clarence Bosket, the members enjoyed visiting with the several guests present. Dr. Bryant also used this period to answer many questions about birds, asked by those present.

More than 130,000 trucks are engaged each day in delivering milk throughout the United States.

IT HAPPENED IN SOUTHERN ILLINOIS: Lincoln and Military Weapons

By John Allen
Southern Illinois University

Another anniversary of Abraham Lincoln's birth is here, and another year accordingly is added to the Lincoln legend.

During this past year several books and other publications about Lincoln have appeared, and still others are in preparation. As the many-sided genius of the man is explored his greatness increases. It becomes easier to understand why more has been published concerning him than about any other man in history unless it be about the Apostle Paul.

One of the books published during the year tells of the influence that Lincoln sought to exert in the selection of the actual tools with which the war was fought. While it reveals his rare insight into the problem of waging a successful war with improved devices and weapons, it also points to the apparent utter lack of imagination on the part of some of the principal men who directed military affairs.

It is not strange that Lincoln would be interested in the tools to be used. Several incidents in his earlier years may help to explain this interest. First, his father was a competent carpenter and cabinet maker, and the boy helped him in this work. From his boyhood, Lincoln had been acquainted with the rifle and was skilled in its use. It was the ingenious manner in which he got his flatboat over the dam at New Salem that first brought him to the attention of the men there.

Interested in Machinery
Then there are letters and accounts of other lawyers who rode the judicial circuits with Lincoln that tell of his custom, when opportunity came of pausing to carefully and thoroughly inspect any new piece of machinery he found. He prepared and delivered a lecture entitled, "Discoveries and Inventions." As an attorney he was interested in some patent cases.

In 1849, Lincoln drew the plans, constructed the necessary model, and was granted a patent for an apparatus to float flatboats over shoals. Thus it can be seen that he came to the presidency with more than the average understanding of things mechanical and scientific. It was certainly well that he did.

When Lincoln began the duties of president he found a chaotic situation. Many of the more able military men were resigning their commissions to cast their lot with their native states. Others were hesitant concerning the course they would pursue, some permanently leaving the service rather than be partisan. This left a group, many of them older and somewhat stodgy minded but definitely loyal. It was to this group that the president had to choose his trained military advisers.

In some of his selections from those available, Mr. Lincoln was indeed fortunate. One of his most competent, trusted and valuable aids was commander John A. Dahlgren, Chief Ordnance Officer at the Washington Naval Yard, then as now the place where naval cannons were made. It was this Dahlgren who designed the famous Dahlgren gun and for whom the Hamilton County, Illinois village was named.

Another trusted and competent helper and adviser was Captain Stephen Vincent Benet at West Point, grandfather of the poet bearing the same name. The approval of either of these men concerning arms and often secured

more than casual attention of the "stodgy minded" ones. Armament carried great weight with the president. On problems lying outside the fields mentioned, Lincoln most often turned to the noted scientist, Dr. Henry, able director of the Smithsonian Institute. It was with him that the president personally worked in testing flash calcium lights for night signaling. Dr. Henry also advocated an "air force" of balloons for regular reconnaissance.

Tested New Weapons
Not all the president's advisers were so helpful as those named. Among those who hampered progress, often apparently on purpose, were Simon Cameron, Secretary of War, and Brigadier General James W. Ripley, Chief of Ordnance. Cameron's usefulness was also lessened by his incompetence and political maneuvering. Ripley's decisions sometimes appear to have been arrived at because of his petulance, slavery to precedent, jealousy, or plain vindictiveness.

His office gave him great power to help or hinder as he chose. New weapons, particularly rifles and carbines, were often personally tested by the president and some helper, perhaps a secretary, a private soldier, or even the inventor. It was a common sight to see the president and one of his secretaries trudging toward some open space where a satisfactory range could be found. On one such occasion a corporal with a squad of soldiers came to enforce the ruling that firearms must not be discharged within the city, only to find that the violator was the president stolidly firing away at a target set against a near by woodpile. The squad quickly withdrew. Lincoln turned to his secretary who was helping with the test and dryly remarked, "They might have stayed and seen the shooting."

Sometimes tests and demonstrations were made before larger groups that might include the president, cabinet members, generals, senators, officers, and important citizens. These were sometimes called "champagne experiments."

Before such groups they tested rocket guns, rockets, incendiary shells, flame throwers, steam guns, centrifugal guns, the breech-loading machine gun to which Lincoln gave the name of "coffee mill gun," the breech loading cannon, mortars, and submarines.

Far in Advance of Time
One "Submarine No. 12" is recorded as docking for repairs at the Mound City yard near Cairo in 1863. Through at least the first two years of the war, the president was constantly beset by those wishing to interest him in their favorite project. To most of these Mr. Lincoln listened patiently and considerately. Others were disposed of more promptly. One promoter of armored vests was invited to "put it on, go out there and let them shoot at you." (Like-wise credited to Wellington.)

Perhaps the president was most disappointed at his failure to have the army equipped with breech loading rifles and cannon. His advocacy of the breech loading rifle was repeatedly justified. Particularly was this true at Get-

tysburg when one company equipped with these arms held General Sickles forces at bay forty minutes, just long enough to allow the Union forces to deploy to receive their attack. Perhaps this was the most critical forty minutes of the entire battle.

Time has demonstrated that Mr. Lincoln was far in advance of his time in his thinking concerning the usefulness of military devices.

Stove is the modern form of the Anglo-Saxon word "stove," which means "a room in which one takes a hot bath."

Locals Win, 64-53, from Team They'll Meet Again in Tourney; Two Tilts on Road This Week

The Harrisburg Bull Dogs, facing the team they will meet in the first round of the Norris City regional basketball tournament next month, defeated the McLeansboro Foxes, 64 to 53, in Davenport gym Saturday night.

This week the locals go out of town for a pair of contests, traveling to Benton for a South Seven game Friday night and playing at Eldorado the following evening.

Except for three brief periods in the first quarter, when the count was tied at 2-2, 8-8 and 10-10, the Bull Dogs kept ahead of McLeansboro all the way. They ran the margin to 20 points in the last frame, at 56 to 36, and still had a 19-point lead at 62-43, with less than two minutes to play, when HTHS Coach John Dotson ran in a raft of substitutes.

From that point until the end of the game McLeansboro outscored the second stringers, 10 to 2. The tilt started off pretty ragged for both sides but the calibre improved as the game progressed. The Bull Dogs, playing a fast game except during the third quarter, showed the fans some nice fast-breaking and team play and they did a good job of pressing on defense.

Four of the Harrisburg starters were in two-figure scoring, Ray Hassett with 16, Wayne Stone with 14, Ben Fulkerson with 12 and Bill Henshaw with 10. Charles Cummins, the other starter, Jim Cummins and John Zeigler each had four points to complete the scoring.

Roger Sloan, Fox center and a fine basketball player, was high for the evening with 27 points.

The Bull Dogs, after being tied at 10-10, scored a couple of bas-

kets and a couple of free throws to lead 16-12 at the end of the first period. They extended the lead to 35-26 at halftime, then slowed up the play in the third quarter, which saw Harrisburg outscore McLeansboro but 10 to 8.

Then the Bull Dogs put on a scoring spree in the last quarter that gave the locals a commanding lead.

In the preliminary contest the Bull Pups beat the McLeansboro B team, 55 to 55. Harrisburg led 22-17 at the quarter and 35-28 at halftime before McLeansboro spurted in the third stanza to tie the locals, 43-43. But the Bull Pups outscored the Little Foxes 22 to 12 the last quarter to win.

Ron Maynard was high for the Pups with 27 points, followed by Bob Pavelonis' 19 and John Stone's 16. Larry Stricklin had two, Watson one and Don Pickford, who fouled out early, did not score.

In another contest played before the main tilt, small boys from the school league were pitted against each other. The Blues won over the Yellow, 16 to 9.

Pettit Hits 44 As Hawks Win

The Syracuse Nationals, struggling desperately to make the playoffs, emerged from the Eastern Division cellar today for the first time since Nov. 16 as a result of their latest win in the National Basketball Association's hottest battle.

Paced by Adolph Schayes' 30 points, the Nationals nipped the New York Knicks at Syracuse Sunday, 102-100, to go a half-game ahead of the Knicks in the scrap for a playoff berth.

In other Sunday games, the Boston Celtics increased their Eastern Division lead to eight full games by edging second-place Philadelphia in overtime, 103-98; Fort Wayne clung to a 1-1-2 game Western Division lead by beating Minneapolis, 113-100; and St. Louis kept pace with Fort Wayne by beating Rochester, 117-93, as big Bob Pettit scored 44 points.

Benton Drubs Eldorado 81-52

Rangers Run Away With Contest After Initial Quarter

Eldorado experienced one of its worst nights of the current basketball season Saturday and suffered an 81-52 walloping at the hands of the visiting Benton Rangers.

Only in the first quarter were the Eagles in contention, trailing only 16-12 after one period of play. From that point on Benton pulled away and won with ease.

The preliminary game also went to Benton, 64-54.

Eldorado plays at McLeansboro Friday and will host the Harrisburg Bull Dogs Saturday.

Benton's week-end schedule shows the Rangers entertaining Harrisburg Friday and at Centralia Saturday.

DeMarco Gets Bright, Downs Ortega in Ten

BOSTON (AP)—Former welterweight king Tony DeMarco, who usually employs plain old-fashioned slugging to drive his opponents into the canvas, was back in the championship picture today because he used his head.

DeMarco, third-ranked contender, finally got to Mexican hat dancer Gaspar Ortega at the Boston Garden Saturday night after two split decision losses in New York, hammering out a decisive, unanimous 10-round decision.

"I used my head and didn't go wild," said the squat, swarthy DeMarco, who never has been known for his mental gymnastics in the ring before.

Macias Wins Easily

MEXICO CITY (AP)—Raul (Raton) Macias of Mexico, NBA world bantamweight champion, felled Spain's Juan Cardenas 10 times last night for a knockout in the sixth round of their non-title fight.

Carrier Mills Trounces Galatia

The Carrier Mills Wildcats continued their high-scoring winning ways Saturday night by taking an 81-51 decision from Galatia. The game was played on the losers' floor.

Carrier Mills now has a record of 20 victories against a single loss. Galatia's record for the season is 8 wins and 11 defeats.

The Wildcats play one game this week, entertaining Norris City Friday and the same evening Shawneetown plays at Galatia.

The box score of the Saturday night game was not available today and will be printed in Tuesday's edition of The Register.

Big Week-End for West Frankfort; Herrin and Mt. Vernon Bow to Birds

By United Press
Herrin, Rock Island and Pekin were caught up in a smashing wave of upsets of ranked teams during the prep basketball week-end.

Third-ranked Herrin, beaten only once previously, fell victim to West Frankfort's 13th ranked Redbirds 71-67 Saturday. Herrin had beaten West Frankfort twice in earlier games.

West Frankfort Beat Mount Vernon 69-52 Friday, while Herrin had polished off Benton 82-44.

Fourth-ranked Rock Island, another once beaten power, absorbed its second setback of the season 62-60 in a revenge match with eighth-ranked Rock Island Alle-

Royal Beverage
Milk is regarded as a truly royal beverage by natives of African Uganda, where milkmaids chosen at an early age tend cows owned by the king. Europeans seldom are permitted to see milkings, and the milk must be borne to the royal house with great ceremony.

Springfield Lanphier, another rated team, also added a victory. The Lions cut short Auburn's 21-game win streak Friday, 65-42.

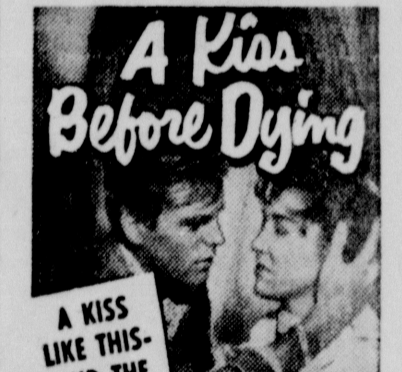

SWEET TOPPING—This spring toque by the irrepressible Mr. John of New York is sweet as sugar. And that's because it actually is made of spun sugar straw. He hasn't said what happens to his confection if a rainstorm comes up.
